Important Notice Regarding the COVID-19 Vaccine

Zufall Health is receiving a very limited number of COVID-19 vaccines each week. As a result, we can schedule vaccine appointments for established Zufall patients only at this time.

For Zufall patients, we will contact you by secure message when you are eligible and vaccine appointments become available. The secure message we send to you will include a link to register for a vaccine appointment for your use only. Please do not share the link with others and do not make more than one appointment.

Please do not call or visit our offices to schedule a vaccine appointment. The extra volume of phone calls is making it difficult for patients to get through to us for their regular care.

If you need an appointment for sick or well care, please contact our offices. The phone is not the only way to reach us. You can also respond to a message you have received from Zufall Health on your mobile device or send a message through the patient portal.

We are doing all we can to secure more vaccine doses. We encourage you to visit zufallhealth.org and our social media sites frequently for updates.

For information on the state’s COVID-19 vaccine response and to pre-register for the vaccine on the NJ Vaccine Scheduling System, visit: https://covid19.nj.gov/pages/vaccine.

Thank you for your interest in getting vaccinated and for your patience.
